

Service Definition – Service Management

(a.) An overview of the G-Cloud Service (functional, non-functional);

Acuity provides comprehensive ITIL based service management design and operations support and maintenance for cloud based services. These ensure support for internal and customer facing services within multi supplier environments. Services include: strategy design, catalogue definition, contract development, SLA development, service and systems integration, performance management and live issue resolution.

Service features

1. SIAM / SMI approach to support service and deployment management
2. IT operations issue, incident and problem management reporting
3. Asset, demand, capacity, supplier, financial, availability, knowledge and configuration management
4. Service model design, service change and service release optimization
5. Review of existing and specification of new strategic service functions
6. Streamlining of existing service arrangements and service maintenance
7. Change and release management including service user testing and acceptance
8. Service transition support through supplier management and service continuity
9. Design of Intelligent client function across the business-IT divide
10. Specification of Service and Help Desk operations and service levels

Service benefits

1. Effective Business and IT service relationships through integrated service design
2. Efficient processes delivering optimum service levels and best practice.
3. Standard and integrated support for all organisational service functions
4. Co-ordination and alignment of enterprise wide service and technology elements
5. Ensure that service management processes effectively meet user needs.
6. Effective deployment of business change stemming from a structured environment.
7. Control of third party suppliers through contract management
8. Clear definition of technology service offerings and support elements
9. Skills and knowledge transfer to improve client service management capability
10. Management of SLAs, KPIs and supplier performance through service governance

(b.) Pricing (including unit prices, volume discounts (if any), data extraction etc.)

Day rates for our consultancy services are set out in the SFIA rates table and are dependent on the level and experience of the consultant and nature of requirement.

(c.) Service management details;

Each client assignment is allocated an Acuity Assignment Director who is responsible for overseeing the services to be delivered. The Assignment Director will oversee quality assurance of all regular checkpoint and highlight reports prior to delivery to the customer to ensure all activities and agreed products are being delivered to plan.

The Assignment Director maintains contact with the lead consultant on at least

a weekly basis and as and when required via telephone, email and face to face meetings to monitor progress of the assignment and to ensure any risks and issues which may arise are managed appropriately. In addition the Assignment Director will also periodically liaise with the client to ensure they are satisfied with the progress of the work and the conduct of the consultant, and acts as a point of escalation for the client should they require it.

Through these regular meetings and feedback with clients we would look to assess their satisfaction with consultants' performance and address any performance issues in the rare likelihood that they may arise.

(d.) Service Levels (e.g. performance, availability, support hours, severity definitions etc.);

Acuity makes every effort ensure and maintain the highest standards of delivery from all its consultants. Internally we have recruited consultants who together have created an organisational culture and ethos which is underpinned by our professional integrity in all that we do.

Each client assignment is allocated an Acuity Assignment Director who is responsible for overseeing the services to be delivered. Throughout the assignment the Assignment Director will liaise with the client to ensure they are satisfied with the progress of the work. In the unlikely event that a customer complaint arises, this would be escalated to the Assignment Director for investigation.

In addition, at the end of every assignment we issue the client with a Client Satisfaction Form to complete. This focuses on areas such as the relevance of the consultants' knowledge and skill set, timeliness of delivery and how Acuity's delivery contributed and added value to meeting business requirements. It also focuses on any areas in which the client feels we may be able to improve the quality of service. We then take this feedback onboard and consider any amendments which may be required in our approach to future assignments.

(e.) Ordering and invoicing process;

In the first instance orders can be placed by contacting us by email or phone.

Invoices are submitted at monthly intervals and will show the period and the amount of the work for which payment is claimed together with the agreed day rates and travel and subsistence claim details. Payment is due within 30 days of invoice issue.

(f.) Termination terms:

- (i.) By consumers (i.e. consumption); and**
- (ii.) By the Supplier (removal of the G-Cloud Service);**

As per our Terms & Conditions:

The Agreement shall continue until the Services have been provided in terms of the Proposal or any subsequent date as mutually agreed in writing by both parties or until terminated by either party in accordance with these Terms and Conditions.

10.2 The Client may terminate the Agreement if the Consultancy fails to comply with any aspect of these Terms and Conditions and this failure continues for a period of four (4) weeks after notification of non-compliance is given.

10.3 The Consultancy may terminate the Agreement if the Client has failed to make over any payment due within four (4) weeks of the sum being requested.

10.4 Either party may terminate the Agreement by notice in writing to the other if:

10.4.1 the other party commits a material breach of these Terms and Conditions and, in the case of a breach capable of being remedied, fails to remedy it within a reasonable time of being given written notice from the other party to do so; or

10.4.2 the other party commits a material breach of these Terms and Conditions which cannot be remedied under any circumstances; or

10.4.3 the other party passes a resolution for winding up (other than for the purpose of solvent amalgamation or reconstruction), or a court of competent jurisdiction makes an order to that effect; or

10.4.4 the other party ceases to carry on its business or substantially the whole of its business; or

10.4.5 the other party is declared insolvent, or convenes a meeting of or makes or proposes to make any arrangement or composition with its creditors; or a liquidator, receiver, administrative receiver, manager, trustee or similar officer is appointed over any of its assets.

10.5 In the event of termination the Client must make over to the Consultancy any payment for work done and expenses incurred up to the date of termination.

10.6 Any rights to terminate the Agreement shall be without prejudice to any other accrued rights and liabilities of the parties arising in any way out of the Agreement as at the date of termination.
